ALPINE ADVENTURES

Cost: \$335.00

Our group will stay at the Massey University Alpine Club Lodge, close to the Turoa Mountain Road, on Mt Ruapehu. This site is well above the bush line and looks down over the lights of Ohakune each night. The wind can blow, and the views are simply amazing.

Except for a scheduled raft trip on the Rangitikei River on Friday, we will be flexible to some extent so that we can choose the best weather window to drop into the Mangaturuturu Valley for an overnight stay in this stunning valley with possibly the best views of Ruapehu from any place in the Tongariro National Park. Camping in the valley will be under flies or tents in the trees around the small Mangaturuturu Hut and during that time, a short walk will take us to the nearby Mangaturuturu Falls, the most powerful but rarely visited waterfall in the Tongariro National Park. Swimming under the falls is both fun and chilly.

We expect to take the very short walk to the twin Hapuawhenua Viaducts, located at the end of the historic Ohakune Coach Road.

One day will involve a trip to the Tokaanu Thermal area, including a visit to Tokaanu Hot pools, with a stop at Te Porere Redoubt and some other sights on the way.

Costs will cover all meals except Monday lunch. Our few days really are in a stunning area.

The Tokaanu Pools will provide an afternoon soak and/or play after the river rafting.

Throughout the week, we will explore the Ruapehu region by hiking some the local scenic walks such as the Old Coach Road (which offers one of the most scenic historical walks in the country), as well as indoor rock climbing and other good-spirited team activities. As well as experiencing one of New Zealand's most famous rivers, we explore side-rivers, study the enormous gorge walls above us, and visit sites off river which are otherwise inaccessible. There is also the opportunity for the fishermen to experience one of New Zealand's named rivers in a 'wilderness' setting. Food costs are built into the rafting package, except for lunch on the Monday. This is an excellent opportunity to make the most of a commercial raft journey at reasonable cost on one of the country's most spectacular rivers.

A rest day is planned to enjoy the bush around you and build friendships with other students.
